H4800

**WORLD'S SMOOTHEST
MOTORIZED
SCREENS**

TYPES OF APPLICATIONS

- Garage Doors
- Patios
- Large openings

Our custom motorized screens are the perfect solution to extend your living area.

From patios to garage doors – Mirage motorized screens are a great addition to your home.

Garage door applications can transform your garage into a workshop, gym, or office space.

Create a four season room or enclose your patio for endless outdoor dining. Mirage motorized screens can help turn a porch, gazebo, balcony or any space into a luxurious extension of your home while providing insect protection and solar shading .

MADE FOR LARGE OPENINGS

- Widths up to 22' and heights up to 16'
- Remote options
- Installed by a local professional

Our H4800 motorized screens enable you to enhance your backyard and other spaces. Don't let the insects or glaring sun bother you or your guests when you want to enjoy your outdoor space.

With remote options, the Mirage H4800 screens retract out of sight at the touch of a button, providing you maximum flexibility and comfort.

The screens are retained in the tracks to prevent fabric blowout and provide a tight seal. All Mirage H4800 screens are installed by a professional in your area.

FEATURES THAT MAKE A DIFFERENCE

- Motor by Somfy
- North American made
- Quality mesh that endures

Made from high-quality materials and components and backed by our warranty, you will enjoy years of use entertaining friends and family in the outdoor oasis created by our motorized screens.

Mirage motorized screens are powered by Somfy, the leading brand in the industry for 50 years. They are continuously innovating and finding new solutions to improve the performance of our motorized screens.

Mirage H4800 units are installed with quality mesh in a variety of colors and densities.
